TRIP TO NAPA BOY SCOUT OUTING

J. E. Townsend Ranch Is Scene of Outing On Saturday

Twelve members of the Niles troop of Boy Scouts, accompanied by Scoutmaster Marshall Green, Assistant Scoutmaster Morrison Green, Committeeman J. E. Townsend, and Reverend E. C. Brinkmeyer. motored to Napa Saturday on an overnight trip.

The twelve scouts chosen to make the trip were those who had the highest standing in the last month's advancement record.

The destination of the party was the old ranch house belonging to J. E. Townsend, six miles east of St. Helena.

The trip began and ended in a downpour of rain, although sunshine prevailed during their stay at the ranch. One road they traveled on cut through a clay bank, and this was so slippery that the automobiles had to be assisted through by the aid of "boy" power and a tow rope.

After reaching the ranch Jim Frontz and Gordon Justus were initiated into the mysteries of "snipe hunting" and it was reported that the hunt proved to be sucecessful.

An abundant supply of food had been taken along and when meal time arrived the scouts were assured of good "eats." Cooking merit badges were earned by Lawrence Pine and Morrison Green by preparing hamburger sandwitches for the party. Reverend Brinkmeyer also proved himself to be rather well versed in the culinary arts, for he excelled at scrambling eggs.

Night guards were posted around the camp when it was

NEW SIDEWALK IS COMPLETED AT UNDERPASS

The old sidewalk below the underpass at the north end of Niles has been removed, and a new pedestrain subway has been constructed under the railroad tracks. This gives an additional width to the vehicle pass under the subway, making it thirty feet for such traffic. The final paving of this section will be finished in a few days.

It was also reported that the paving of the main street of Niles would be started as soon as the weather permitted. This street will be widened, the pavment to be thirty feet wide instead of eighteen, as now. It is estimated that this project will take approximately ten days for completion.

COURT OF HONOR IN CENTERVILLE FOR BOY SCOUTS

AT THE COURT of Honor held in Centerville, February 18, the Niles Boy Scouts, of troop No. 1, received many honors. Those who received them were: Frank Ferry, for cement work; Philip Souza, automobile mechanics; Jack Townsend, civics; George Frontz, cycling; Melvin Farmer, Harry Cesari. George Frontz, and Everett Mendenhall, firemanship; Morrison Green, Arnold Abrott, Everett Mendenhal and Philip Souza, first aid; Frank Ferry and Arnold Abrott, first aid to animals; Jack Townsend, pathfinding.

First class scouts are: Lawrence Pine; star scouts, Arnold Abrott, Byron Frontz, and Jack Townsend; second class scouts, John McGowan and Howard Rose

ORVILLE BLOSE ELECTED PRESS REPRESENTATIVE

Election Held at Annual Meet of Christian Endeavor Union

Orville Blose formerly a resident of Decoto, has been elected publicity and press superintendent of the Alameda County Christian Endeavor Union. The election took place at the annual convention, which was held February 22 and 23. For two years Orville was the president of the Decoto Christian Endeavor Society, in which capacity he served well and faithfully. Since then he has moved to Oakland where he is living with his family, while he attends the University of California.

In his new position of publicity and press superintendent Mr. Blose will write all items for the press, and these will go to such newspapers as the San Francisco Examiner, San Francisco Chronicle, Oakland Tribune, Oakland Post Enquirer, and others.

Mr. Blose received his educat-

Mr. Blose received the first part of his education in the Decoto Grammar school and the Washington High school, and he has many friends throughout the township. While attending classes at the High school he also acted in the capacity of editor of the Decoto Register, a department of the Township Register.

ERLE WOOD NEW MANAGER HAYWARD MAC MARR STORE

L. E. Smith Nominated for Presidency, Jones for V. P., Townsend, Secretary

The regular meeting of the Niles Chamber of Commerce was held at the Florence restaurant Tuesday noon, February 25, and was presided over by Harvey Braun, president of the organization.

A letter from the Railroad Commission was read which gave notice of a hearing at Centerville, Thursday, March 6, in regard to the abandonment of the Peerless stage line from Centerville to Pleasanton. L. J. Duffy was appointed to represent the Niles Chamber of Commerce at this meeting.

Another letter, from the Outdoor Christmas Tree Association of California, was read, and its contents dealt with a program to be held in celebration of Burbank Day. March 7. Acting on a suggestion offered by F. V. Jones, plans were perfected to plant a tree, near the firehouse on Front street, which would be used as a municipal Christmas tree. The work of planting this tree was turned over to W. B. Kirk, horticultural examiner for this district.

Next on the program of the meeting was the report of the nominating committee. Those nominated for the various offices are as follows:

L. E. Smith, president; F. V. Jones, vice president; J. E. Townsend, secretary; R. A. Blacow, treasurer. For the board of directors the names of George Bonde, L. J. Duffy and W. B. Kirk were offered for consideration.

Following the announcement of the nominations, President Harvey Braun reported on the meeting of the Alameda County Advertising Committee, which as a member he attended recently.

F. V. Jones introduced Reverend Elmer C. Brinkmeyer of the Niles Congregational church, and this gentleman gave an interesting and humorous talk on service in this community.

L. J. Duffy was appointed membership chairman for the coming week and was urged to have a large attendance at the next Tuesday noon meeting. Only twenty-three members were present at the last meeting, due to the inclemency of the weather.

NILES BOY SCOUTS TO TAKE POSSESSION OF NEW TROOP PROPERTY

Troop No. 1, of the Niles Boy Scouts, will take possession of its new home as soon as the agreement is signed by the troop committee, which will be in about two weeks. The property is on the corner of Third and L streets, and it consists of a four room house, a large shed. and four lots, which makes a frontage of 100 feet, the lots being 100 feet deep. Of this a space fifty feet by 100 feet is completely cleared and will be admirable for athletic pursuits.

The troop committee of the Niles Boy Scouts upon investigating the proposition of purchase of a lot and moving the present Scout house thereto found that there would be considerable expense, and on approaching William H. Ford, in connection with the purchase of a lot for the Scout house, he offered the donation of the house and property which is to be the future home of the Niles troop.

This property would have been donated in the name of William H. Ford and Helen C. Ford, but the troop committeemen thought it best for the Boy Scouts to pay a certain amount of money each year until the value of the property had been received. Therefore it was decided that $100.00 would be paid yearly until the amount of $3,500 had been reached. Mr. Ford agreed to this arrangement, and made such reasonable terms that the Scouts will meet them quite easily.

After the necessary agreement is signed the Boy Scouts will occupy their new home. This building and property will be entirely under the jurisdiction of the Troop committee, and all matters of management and disposal will be in its hands.

The condition that the new building is in at present advances the work of completing a home for the troop about five years, as it would take that length of time to recondition the present Scout house to the state that the new building is in now.

Through the generosity of Mr. and Mrs. William H. Ford in this proposition, the troop committee feels that greater benefit will be derived to the Scout movement than from any other one thing that has ever been done in all Alameda county.

MRS. MARY MEDAROS PASSES AWAY FEB. 19TH

Mrs. Mary Medaros, beloved wife of Antone Medaros. of Newark, and mother of Mrs. Lawence Costa and Mrs. John Freitas, of Newark, and Mrs. Anthony Knobles, of Oakland, died at her home in Newark, Wednesday, February 19, 1930, after a lingering illness covering many years. The immediate cause of death was diabetes.

Funeral services were conducted Friday morning by Father Bray and the remains were laid to rest in the Centerville-Newark Catholic cemetery.

Mary Lima was born in Boston, Massachusetts, July 7, 1875. At the age of one year she came to California with her parents, who settled in Newark. On December 22, 1892, she was married in marriage to Antone Medaros; and to the union were born three daughters, previously mentioned, and one son who died in early youth. Mrs. Medaros is also survived by a brother, Antone Lima, and a number of grandchildren and more distant relatives.

In the death of Mrs. Medaros, Newark has lost one of its most beloved women. Before she had became afflicted with the disease that caused her death, Mrs. Medaros was ever ready to give assistance to friends in need of a nurse. Her life dated back to that time in California when health depended more upon the ministrations of kindly housewives than upon those of trained physicians and nurses. As testimonial of the high esteem in which she was held by her numerous friends, her funeral was attended by scores; and her casket, as it lay in her home, was literally covered with floral offerings s ldom seen in such profusion at the death of one of lowly life.

As signal in sorrow as was her death, it is well that America has such women to spare, for in their going the lives of those who remain are enriched by reflections of human kindness which so often lie latent until touched by some hidden spring.

STREET OILING IS DELAYED BY RAIN AND HAIL STORMS

The work of oiling the Niles streets has been delayed on account of the rain, but J. D. Gomes, roadmaster, states that work will be resumed as soon as possible. At present the streets are in an exceedingly poor condition, due to the heavy rainfall, and the scraping which was done in preparation for graveling. Some places are unsafe for travel because deep fills had to be made, and the mud increases the danger.

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

NOW IS THE TIME!

Surfacing the streets by the county highway department will begin within the next few weeks. The plan is for the county to oil fifty per cent of the width. This will not reach to the curb. But it will be a great improvement over what it is now.

Niles has an opportunity to get the full benefit of this county assistance if it would but grasp it with unanimity and the proper civic spirit. It is the opportune time to join hands with the county and pave to the curb. The cost would not be a severe strain on any business or property owner whose holdings abut on the principal streets of this town.

As we have pleaded before, let us get away from this cheap, stingy attitude toward any suggestion of improvement that costs money. One must spend money to make more. Civic pride is the foundation of municipal progress. Niles is splendidly located, and new people are coming to live with us almost every week. A greater number would come and stay if we would beautify the business and residential part of town, and thus make the erection of new homes a greater inducement to those working in the industrial units in or near Niles.

Perhaps nothing could be done at this time that would be a greater step forward than co-operation with the county of Alameda in making the streets through the city unbroken, curb-to-curb thoroughfares.

HARRIED TAXPAYER AND ROBBERY

IF BUT a fraction of the charges are ultimately sustained against Sheriff Burton F. Becker, his deputies and many other county, city officials of Oakland and their subordinates, by subsequent investigation and court procedure, it will be enough to cause the head of Alameda county to hang in shame.

While it may be too early to form conclusive conclusions, there is more than enough smoke to justify an unprejudiced mind in arriving at the conclusion that there is at least a blaze somewhere around Fifth and Broadway, Oakland.

Whatever ground District Attorney Warren may stand on in his crusade, enough has already been revealed to convince the average man of intelligence that Alameda county is saturated with graft, and public officials sworn to uphold the law—and war upon lawbreakers—have prostituted their high position of trust and brought the county government into contempt and themselves, everlasting damnation by their filthy betrayal of a confidence imposed in them by the citizenry of the county.

District Attorney Warren should be upheld by the taxpayers in his courageous stand for public decency, and the hand of the law should be strengthened by words of encouragement from the press, the pulpit and the layman.

Business has been under considerable strain for some time in meeting obligations and continuing to functon efficiently, due to rather tight financial conditions, not only here but throughout the nation. Taxes are burdensome, even though economy were rigidly practiced by all governmental departments; how much more so, then, when some of our representatives in the court house, and the huge retinue of lackies attached to their offices, seek to profit beyond their legitimate salaries. Through dishonest practices in awarding contracts these officials have feathered ther own nests at the expense of a great body of citizens whose unhappy plight grows sadder and sadder each year in the mounting costs of county government.

The paving graft seems to be definitely established in the city of Oakland, and the guilty should not escape with the mere penalty that comes with exposure. These men, who, if proven guilty of robbing the little property holder and the large one by permitting the use of inferior paving materials and paying for them at exhorbiant prices, should spend a term in prison to meditate on the enjoinment that public office is a public trust, and a portion of the court house and a

According to rumor, many of the eucalyptus trees along the streets of Newark are to meet the fate of their giant neighbors of Mt. Eden. The felling, however, will not be done for another season. It is claimed by the sanitary officials that the trees send their roots down to the sewers and that the tiny roots force their way through the joints thereof. It is probable that only those trees near the sewer lines will be felled at this time.

LIONS CLUB READY TO ORGANIZE

Organization of a Lions club in Pleasanton is practically assured as a result of a meeting of twenty-five interested men of that community at their city hall last Wednesday night. Because of there being so many other gatherings on that evening, it was decided to continue the session until this week when a larger lumber of men could be present.

At the meeting this week the principles of Lionism were outlined by Ted Clark of Sacramento, vice-president of Lions International. Those in attendance were much enthused over the prospects.

In addition to being a social organization Lions clubs work for the betterment of the community and has as its national aim, the relief and aid of the blind.

Insmuch as a number of persons were present at this weeks' meeting by proxy only, it was decided to go ahead with the club, but only after a wait of another week during which time more prospective Lions may be considered before the charter is closed.

DRIVERS ASKED TO HEED STOP AND GO SIGNALS

To check the rising toll of death and injuries on the streets and highways of California, the police department of the entire state of California are cooperating with the Safety Conference of the California State Chamber of Commerce, to enforce the observance of boulevard and arterial stops, by posting officers to observe the obedience to traffic stop and go signals.

The stop rule means a full stop must be made, and it is a misdemeanor to fail to obey the traffic signals. When motorists feel that stop signs have been erected where there is no need for them, it is proper to communicate with the city council or the chief of police. but as long as the stop sign is in place, it must be obeyed.

PAVEMENT LAID ON MAIN STREET IN CENTERVILLE

William Brockett, resident engineer, reports that the paving of Main street in Centerville is progressing, although slightly retarded by the recent rains. So far 630 lineal feet, ten feet wide, have been paved. This work will be continued, with a full crew of workmen, as soon as the rain stops, and the subgrade is dry enough for cement pouring.

The complete surfacing of the Main street will do much for Centerville. Citizens of outlying districts will be encouraged to patronize the business houses more frequently if the street and sidewalks are in good condition for walking and driving purposes.

Mr. and Mrs. L. A. Mohn and family have returned to Centerville after living in Concord for a short while. This move was made after Mr. Mohn completed his work with a company on a water project.

* * *

Mr. and Mrs. Joseph Shepard have returned to Centerville after a motor trip to Florida, where they visited relatives and friends. They were gone approximately two weeks. Mr. Shepard is associated in a business way with the F. E. Booth Canning Company.

* * *

F P. Sherman was a business visitor in San Francisco Tuesday.

Washington Union High School to Hold Convention

March 22 is the date set for the first scholarship convention to be held at Washington Union High school. This was decided at a scholarship meeting which was held on Wednesday, February 19. The main discussion concerned the program of the convention, and several decisions were made. E. B. Hodges, principal of the High school, is to give a speech of welcome, and following this speeches will be given by Mr. Hill, and Miss Hazel Wolhopter, president of the California Scholarship federation.

A scholarship initiation is to be held during the sixth period on Friday, February 28, to enable the new members to attend the convention.

Mr. Kimber, music instructor, will direct the school band while it renders several selections at the convention on March 22.

It has been suggested that a special edition of the Hatchet be published and copies given to the convention delegates. At present the suggestion is being considered by the journalism department of the school.

Debating Club

Resolved: That Disarmament is the Surest Guarantee for World Peace was the question that was decided on by the debating club of Washington Union High school, and which is to be submitted to the debating club of the Hayward High school for consideration as a topic for the proposed debate.

This was the result of a meet ing held recently by the debating club. Try-outs were given to twelve speakers, mostly seniors. They have had some experience in debating in the civics classes, and Mr. Gravestock, a member of the faculty, states that this is quite evident from the manner in which the students speak.

Baseball and Track

Track will be the next sport at the Washington Union High school. In addition to this however, several baseball games have been scheduled. It is expected that Washington will make a good showing this year for several of the student athletes are proving to be of great promise.

The schedule for track is as follows:

March 8—Track-Baseball at Hollister.

March 20—San Leandro Track at Centerville.

April 5—Hayward Track at Centerville.

April 11—A. C. A. L. Track Meet at U. C.

Additional baseball games that are to be played are as follows:

Feb. 24—Centerville at Hayward.

Feb. 28—Centerville at San Jose.

March 11—Mountain View at Centerville.

March 21—San Leandro at Centerville.

March 28—Alameda at Centerville.

April 10—Berkeley at Centerville.

Speedball

The second period physical education class was the winner of the speedball game, held on February 10, against the third period class. The score was 6-3.

At the beginning of the game second period broke through the third period line and scored three points. The score remained 3-0 until the first quarter of the second half. Third period then scored, making it 3-3. The game ended with a tie-score; so an extra period of five minutes was played. Second period, captained by Agatha Willis, won by scoring on a free kick.

The game between the fifth and sixth period girls ended with a score of 0-0. The game was hard fought, for the teams are well matched, both in size and strength. The fifth period team was captained by Verna Santos, and the sixth by Alice Sequeira.

The championship game will be played by the second and third period teams sometime soon.

Band Meeting

A plan of raising $900 for the transportation of the Washington Union High School Band was formed at the third special band committee meeting, held February 20.

E. B. Hodges, principal, states that this sum of money is needed for the transportation of 110 members of the band to compete in the state band contest which is to be held at Sacramento, April 26. He also said that it was decided that players will leave on Friday, evening, April 25, and come back Sunday morning. They will take a special train to Sacramento and everyone who is able to pay his way will do so, to lessen the amount to be raised.

Centerville Chamber Hears Interesting Talk On Gas

The weekly meeting of the Centerville Chamber of Commerce was presided over by F. T. Dusterberry, president, and a large number of members were in attendance. The speaker of the day was Mr. Britton, chief of the natural gas division of the Pacific Gas & Electric Company. He told of the work of his department, and enlarged upon the subjects of poisoning by artificial gas, suffocation by natural gas, its heating capacities. and different gasses in general.

In addition to the regular members of the Centerville Chamber, Harvey Braun, president of the Niles Chamber of Commerce; F. V. Jones, of Niles; Mr. Logan, of Alvarado, and Mr. LaGrave, of Hayward, were present.

It was announced that Cyril Williams, Jr., engineer of the Alameda County Water District, would give a talk and illustrate his subject by the use of charts, at the next meeting, which is to be held February 27.

FIREMEN ATTEND BIG BANQUET HELD IN OAKLAND

The banquet and business meeting which was held recently at the Hotel Leamington, Oakland, by the Alameda County Firemen's Association, was attended by Assistant Chief F. Madruga, Engineer George Robinson, Hosemen Sid Lawler, Lester Nunes, and Jack DeLuce, of Centerville

This meeting was held to discuss the subject of fire protection for districts not in the regular protected area. It is the wish of the firemen to have a fund appropriated to cover the expense of going outside of their regular territory, for the taxpayers otherwise pay for the protection of people in these districts and receive nothing for it.

CARD PARTY TO PAY FOR PAVING BEFORE CHURCH

Mesdames Anderson, Bell, Fair and Steinhilver gave a card party on Friday afternoon at Mrs. C. E. Asdersou's home.

The money derived from this affair will be used to defray the cost of paving the street in front of the Presbyterian church.

It was a very pleasant affair and enjoyed by all who attended. The lucky ones winning prizes were as follows:

Door prize, Mrs. T. Oakes; highest score. Mrs. B. Hawley; next, Mesdames Silver, Day, Walton, King, Marionette, Bishop; consolation, Mrs. F. Guthrie and Miss Bess Dusterberry.

Delicious refreshments were served at the close of the games.

Rev. Wm. Attwood was taken quite ill Thursday. He will not be able to conduct services on Sunday.

ST. JAMES GUILD MEETING HELD AT F. BUNTING HOME

St. James Guild met at Mrs. Bunting's on Wednesday. She was assisted by Mrs. Walton. About twenty-six were present. All were busy with ordered work, and preparing Lenten work.

Mrs. Bunting and Mrs. Attwood told of the dinner where over 500 ladies participated and viewed the pageant; and Mrs. E. T. Chadbourne and Mrs. Bourner told of the convention and auxilery that followed during the week.

As the next guild meeting falls on Ash Wednesday, it will be held March 6, at Memorial Hall. Mrs. Attwood and Mrs. Bourneer are to be hostesses.

Maurice Jones Suffers Broken Leg In Accident

Maurice Jones, Pleasanton resident, is sufering a broken leg as the result of an accident with the steam shovel which is being used at the Brentwood Silica Sand Company's plant near that city.

Jones was hit by the shovel and it broke his leg between the ankle and knee joints. He was taken to Brentwood where Dr. Holden treated him.

Mr. Christensen expects to go to Hayward hospital this week.

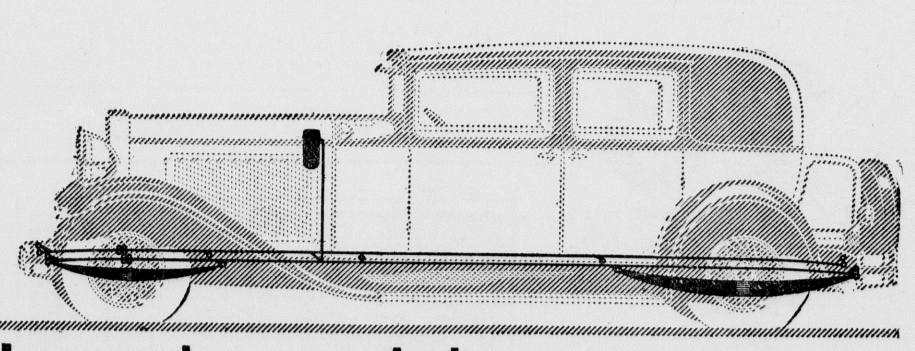
THE 1930 NASH "400"



NASH is the car with the OIL CUSHIONED CHASSIS

SUPERIOR PERFORMANCE!

TWIN-IGNITION EIGHT
TWIN-IGNITION SIX
. . . SINGLE SIX

EVERY Nash "400" model, including those of lowest price, is now equipped with a modern system of centralized chassis lubrication. ¶ Nash "400" chassis bearings ride on a cushion of oil. Not just once in a while, or for a day or so after you happen to put your car in a service station for greasing. But every day, and without the bother of service station attention, the "400" chassis gives you the riding smoothness and the longer chassis life that only perfect chassis lubrication can give. ¶ And every Twin-Ignition Eight and Six model is now built with lifetime lubricated springs—lubrication sealed inside flexible steel spring covers—permanent protection against rust, squeaks, wear and ineffectual spring action. ¶ The combination of centralized lubrication and lifetime lubricated springs creates an *oil-cushioned chassis*—another reason for the *superior performance* that distinguishes the 1930 Nash "400"

IRVINGTON MAN HAS BIRTHDAY SURPRISE PARTY

A birthday surprise party was given in honor of J. R. Nunes, at his home, February 20. The evening was spent at the card tables and about midnight delightful refreshments were served, a large birthday cake, beautifully decorated with candles taking the place of honor in the center of the table.

Those present at the party were: Mr. and Mrs. J. R. Nunes, Mr. and Mrs. A. P. Silva, John Taylor, Mrs. Mary Dutra, Mr. and Mrs. F. Nunes, the Misses Mary, Patsy, Rose, Alberta and Dee Nunes, and John and Joseph Nunes.

Miss Gladys Rose, of Centerville, and Miss Dee Nunes, of Irvington, were guests of Miss Vera Steadman, of San Jose, Saturday, and while in that city attended one of the theaters.

N. W. Fothergill Takes Position In Old Mexico

M. W. Fothergill, son of Mr. and Mrs. W. H. Fothergill, of Pleasanton left last week for Mexico where he will open an experimental station for one of the large oil companies.

Fothergill was chosen from among a large group of men for the Mexican post. He anticipates the work will occupy him for the next six to seven months, when he plans to return to the states He did state, however, that he may take the plant over permanently after establishing it. The plant is to be located about 400 miles below Tampico. When completed the plant will be a gas distillery.

SPEEDING TO GAIN RIGHT OF WAY IS CAUSE OF WRECKS

When two drivers approaching an intersection have the slightest doubt as to has the right of way, it is wisest for both drivers to stop before trying to decide the question.

Approximately seventy percent of the accidents occur at intersections, so it is apparent that if drivers will be more cautious at points where roads cross, a material reduction will be effected in California's heavy accident record.

SITES WILL BE SOUGHT FOR NEW HOSPITAL

Board of Directors Will Visit Irvington Sunday Afternoon

Members of the board of directors of the Three Link Hospital will visit Irvington Sunday afternoon to inspect a site offered the institution for building purposes. It is necessary that the hospital locate some place where it may build by the first of July, as its lease on its present quarters in Livermore expires at that time.

Merchants of Irvington have offered the hospital $5,000 in cash provided the institution is moved to that city. In order to know the field from first hand inspection the board of directors have made arrangements for this trip.

Other Offers

Other offers are being received by Dr. M. E. Eastman, president of the association, but to date the Irvington proposal appears to be the best, it was said.

Another proposed site which is being considered favorably is on Vineyard avenue, Pleasanton. It was purchased a number of years ago by a local holding company composed of Pleasanton people for the purpose of bringing a motion picture company to this locality.

The picture concern refused the offer and since that time the land has lain idle. Apparently a number of the directors of the holding company are in favor of giving the property outright to the hospital, while others are desirous of realizing something on their investment.

Until such a time as the holding company gets together on the subject and makes the hospital some kind of an offer, the directors of the institution feel that they should investigate other offers as the time is growing short before they must give up the present quarters.

RAINFALL BELOW NORMAL FOR THIS TIME OF YEAR

It has been reported officially that up to 8 o'clock Tuesday morning, February 25, this region had received 10.16 inches of rain. At the same time last year the measurement was 13.44

Hope is expressed that the rain will continue for some time as a shortage will retard and cut down the crops in this region. So far the rain has not fallen steadily. but in fitful showers, interpersed with hailstorms.

If the ground receives sufficient moisture now, a good growing season will be practically assured. It was reported that for the last fourteen years the quota of rainfall for this district had not been reached, and that agricultural prograss had been impeded to a great extent on that account.

THE "LONE STAR RANGER" ON FOX OAKLAND SCREEN

Another of Wm. Fox's great outdoor adventures will flash on the living screen of the Fox Oakland theater Friday with "The Lone Star Ranger."

The star is George O'Brien and he has the role of a hard-riding, quick-shooting ranger who makes and keeps his own law. Rankling under the accusation of cowardice he goes into the Lone Star country and there through daring exploits he becomes the king of the badlands. Enchanting little Sue Carol is seen as his lady love and Warren Hymer plays Zane Grey's celebrated bad-man.

A barn-yard fantasy wherein mild-mannered cows form a dancing chorus justifies Fanchon and Marco's "Peasant Idea." There are goats and other animals, a village clown and a magician, all ready to entertain in this novel stage act, directed by Hermie King.

SAN FRANCISCO TO TAKE POSSESSION OF SPRING VALLEY CO.

Supervisors Unanimously Vote for Purchase and Operation

The final transfer of properties from the Spring Valley Water Company to the City of San Francisco will take place March 3. The board of supervisors and the company have completed the preliminaries to this movement.

The board of supervisors unanimously published an ordinance covering operation of the utility after it becomes San Francisco property, and adopted various resolutions to appropriate $39,962.60-6.51. which is necessary to the purchase, placing $75,000 in escrow and accepting the documents in the transfer.

The Spring Valley Water Company at this time ordered distribution of $77 a share to its stockholders a total of $21,560,000 on 280,000 shares outstanding, and the stockholders proceeded to give the city a clear title to the water properties.

Subsequent to the distribution of $77 a share, to take place on March 10, another distribution will be made when the proceeds of the other assets become available. Included among these is land remaining in the ownership of the company, which has been appraised at $6,500,000, or $23.50 a share. This statement was made by S. P. Eastman, president of the water company.

when there is heat at a finger's touch

During a social evening, does some member of your family interrupt the party to fuss with the furnace?

With gas fuel burning in your furnace, a thermostat or a push-button regulates the temperature. No annoying trips to the basement. No bother about starting a fire when friends come — a finger's touch gives you instant heat. And any healthful temperature is maintained throughout your home.

With clean gas fuel, the curtains, wall-paper and furniture retain their fresh cleanliness. There is no smoke or soot about your property.

Even though you have no basement, there are fine types of gas-fired heating equipment for your home.

EVELYN WHITFIELD BECOMES BRIDE OF WINTHROP THORPE

Wedding Held at Home of Mrs. Theresa Whitfield

The home of Mrs. Theresa Whitfield, at Mission, provided the setting for one of the loviest weddings of the season, on Saturday, February 8, when Miss Evelyn Whitfield became the bride of Winthrop J. Thorpe, son of Mrs. Thorpe, of Redwood City.

Reverend Kennedy officiated at the ceremony.

Miss Whitefield was attired exquisitely in a gown of blue lace, and was given in marriage by her mother, Mrs. Theresa Whitfield. The bridal boquet was of Cecil Brunner roses. Mrs. William Lane, sister of the bride, was matron of honor. She was beautifully attired in a gown of gold lace, and carried a shower boquet of lilies-of-the valley. Mr. McCullen acted as best man.

Following the ceremony a reception was held at the home of the bride, after which Mr. and Mrs. Thorpe left on a trip to southern California. Upon their return, they will establish a permanent residence in Redwood City.

Mrs. Rogers and family, and Mr. and Mrs. Santos and family, were visitors of Mrs. Dewey, of Niles.

* * *

Mrs. William Lane, of Burlingame, spent last week with her mother.

* * *

Harold Sousa is now working in Concord. He expects to stay there several months.

* * *

Peter Boggini has undergone a minor operation on his throat. He is recovering rapidly and expects to be in perfect health soon.

* * *

Mr. and Mrs. Gafreghan were visitors of Mr. and Mrs. Witherly recently.

* * *

A letter was received from Miss Agnes Rogers, of Oceanside, formerly of Mission San Jose, stating that she is enjoying her work at Oceanside.

BE SURE WHITE REGISTRATION CARD IS HANDY

Motorists are cautioned by the California State Automobile association that the law requires display of the white certificate of registration in the driver's compartment of one's car. The 1930 white slip should have been received from the state division of motor vehicles following renewal of registration this year. The pink certificate of ownership should not be carried in the car. It is one's certificate of title to one's motor vehicle and should be placed with other valuable papers.

Motorists also are advised by the automobile association that the law requires that license plates be kept clear of dirt and grease and be plainly visible.

department of the Oakland city hall, is not a den for thieves.

In the case of Sheriff Becker the charges are even more serious though less burdensome to the average man. He is accused of accepting money to permit vice to operate undisturbed. More serious we say, because Becker is the high chief of law enforcement in Alameda county. He is the sworn enemy of the criminal, the law-violator. If it is true that he has taken money directly or indirectly in exchange for his official inactivity in suppressing gambling, bootlegging and other forms of vice, then he is indeed a scoundrel of a despicable type. If the sheriff's office is hand-and-glove with the criminal element, where then may the constitutionally-minded people turn for redress?

No place at all.

Constitutional niceties, under those conditions may be thrown off, and mob law be enthroned that honest men may get their due, and criminals their deserts.

Such a condition we do not advocate nor wish to see inaugurated here or anywhere. Therefore, the Register commends Warren for his attitude in attempting to extirpate from the soil of Alameda corruption and peculation in official life.

A resort to the noose and whipping post, would be quite as deplorable as dishonesty in public affairs—and against both the Register sets itself unflinchingly. Therefore, this journal wishes to sustain with what power it has, the courageous and patriotic action of the district attorney in his war upon official corruption and outrageous robbery of the oppressed taxpayer of Alameda county.

'NEW YORK NIGHTS' AT FOX T & D NEXT FRIDAY, FEB. 28TH

She's going to talk Friday. Your favorite actress, creator of "Camille," and "Smiling Through"—Norma Talmadge—is coming to the T & D theater, Oakland, February 28, in her first all-talking picture.

It's titled "New York Nights." The leading male role is again taken by Gilbert Roland, handsome Latin star.

You will see her as a woman who rebels against poverty, who cries out, "I will live." And live she does. She has clothes, riches—all the things woman craves. And yet, because she once loved very deeply she does an odd thing. See how she works out her destiny in "New York Nights," a melodrama which penetrates into the underworld and glorifies Tin Pan Alley.

AMERICAN LEGION'S JUNIOR HANDBOOK PUBLISHED

It has been reported that the Junior Baseball Handbook, of the American Legion, has been published. This book contains the rules and regulations, by which all games throughout the United States. by the Junior League teams, are played. The rules are so simple that it will be utterly impossible this year for any team to be disbarred as long as it lives up to the rules and regulations.

The sportsmanship code of the Junior Baseball league is:

Keep the rules.
Keep faith with your comrades.
Keep your temper.
Keep yourself fit.
Keep a stout heart in defeat.
Keep your pride under victory,
Keep a sound soul, a clean mind, a healthy body.

Another rule innovated this year is that of having each prospective player show his birth certificate. The age limit for the players is seventeen years.

Last year the Oakland post team won the championship, and this was indeed an honor, for it brought the championship to the West Coast after being in the eastern states for a number of years.

Frank Maggioli Is Honored By Druids At Birthday Party

Surprise Banquet Held For Pleasanton Lodge Member

Frank Maggioli. past arch and present secretary of the Pleasanton Druids, was surprised by the members of the organization with a birthday party at the Colombo Hotel, Pleasanton, Monday night. Maggioli in addition to being tendered a banquet, was presentel with a large boquet of flowers in honor of his fifty-eighth birthlay.

The party was arranged by a committee composed of Lee Wells. past grand noble arch; Carlo Zonsorolie, past arch; and Ambrose Rivolta, past arch. The affair was staged after the regular business meeting of the lodge. Some sixty members of the Druids were present.

After the presentation of the flowers by Rivolta, several of the Druids expressed for the organization the regards it holds for Maggioli. Among the speakers were E. W. D'Ombrain and R. R. Kingsley, of Livermore, and Lee Wells, of Pleasanton.

CORONER'S JURY HEARS EVIDENCE IN BABY CASE

Open Verdict Is Returned Making Re-opening Possible

So far as the official records show Pleasanton's "baby mystery" is still as much a mystery as it was the day the body of an infant was found in a vacant lot near the Western Pacific tracks.

While police believe they have the solution, but are without evidence to support their theory, a coroner's jury brought in an open verdict, leaving everything "unknown" with the exception of determining that the child was white.

In brief the coroner's jury which heard the evidence last Friday morning at Graham's Undertaking Parlors, Pleasanton, reported as follows:

Cause of death unknown; place of death unknown; place of birth unknown; names of parents unknown, sex of child uknown; and age of child unknown.

The body of the child was apparently dug up from the middle of the vacant lot by a dog. A woman living in the neighborhood noticed the grizzly object which the dog had found, and notified police.

Investigation by officers led them to a certain conclusion, which answers all questions in connection with the death. They have been stumped, however, for want of evidence to prove their case.

Police are continuing their investigations and plan to question several more persons this week.

ROBBERS STRIP MAN OF MANY YEARS SAVINGS

Niles Canyon Is Scene of Hold-Up; Thugs Escape

Savings of several years were wiped away last week when C. G. Tonaneng, of Mt. Eden, was held up and robbed of $600 by four men for whom he had just done a favor, according to a report to authorities.

Tonaneng was enroute to Sunol from his home when the four men in a coupe are alleged to have stopped him and asked directions to Stockton. Tonaneng directed them and as he was going to Sunol, was given a lift.

When the men reached an exceptionally dark strip of road in Niles canyon, Tonaneng was ordered to hand over his wallet. He refused. Three of the men held him while a fourth went through his clothes.

After taking his money, which amounted to some six hundred dollars, his savings of several years, Tonaneng was forced from the car and the thugs sped away.

As it was dark passing motorists refused his frantic signals for aid, and by the time he was able to give the alarm, the robbers had completely disappeared.

time to retire, and some of the scouts stated that the guards not only frightened away any possible marauders but also kept the whole camp in an uproar, destroying all chances for sleep. However, in spite of sleeplessness. mud, rain and sundry other things, the scouts were quite unanimous in happily declaring that they had had a wonderful outing, although one scout may not agree. The latest report has not come in yet on the frame of mind that this scout is in, due to the fact that he could not procure a groundhog to bring back to the Scout house, this failure causing him to have a sad outlook on life in general.
